

welcome

Greetings and welcome to Joint Base Charleston Youth Programs!

The Youth Programs staff would like to reach out to all of our new families relocating to Joint Base Charleston to let families know about various activities and programs offered at Youth Programs.

We have a variety of programs to include the School Age Program (SAC), Sports Program, Instructional Programs and Open Recreation.

Our SAC program is for ages 5-12 and provides full day, before and after school programs enriched with activities from 4H and Boys and Girls Club of America.

The Sports Program offers organized, instructional, and recreational sports and fitness activities such as Soccer, Basketball, Tee-Ball, specialty camps and more.

Throughout the year, instructional programs are offered such as Martial Arts, Dance and other special interest programs.

Lastly, Open Recreation is offered for 9-18 years old (still attending high school). This program provides a space to socialize with peers, learn health and life skills, engage in recreational activities and expand knowledge through character and leadership clubs and workshops.

If you are interested and/or have additional questions regarding Youth Programs, take a look at our attached JB Charleston Youth Programs flyer.

BGCA and 4H Programming

Weekly 4H enrichment programming is offered at the JB Youth Programs. Throughout the week, youth experience hands on challenges to include but is not limited to building rockets, smart cars, learning about and constructing bridges, experimenting with trajectory and torque, and so much more.

The **Sports Program** provides a wide array of organized, instructional and recreational sports and fitness activities to the youth on the Weapons Station and Air Base. The overall goal is to help youth

develop sportsmanship and learn the fundamental skills for each sport. The sports programs cannot function without volunteer coaches.

This is a great opportunity for parents/active duty/dependents/retirees to pass on their knowledge and skills to the next generation.
