HOW LONG DOES IT TAKE

You do not get the worksheet back once it has been turned into the SFS VCC. The worksheet normally takes **72-hours to process** and sometimes longer if discrepancies are found. We appreciate your patience as we work to secure Joint Base Charleston.

CONTRACTOR PASS PROCEDURES

- (a) Once the contracting company hires the individual, the individual will be required to fill out all information on the front of this worksheet, so he or she can obtain a pass. It is the responsibility of the company requesting the contractor pass to verify the validity of the employee's driver license and legal status prior to the request being submitted. Any individual operating a vehicle on the installation must insure that it meets the minimum insurance requirements for the installation and the state of South Carolina. The issuance of a pass is a privilege, which can be withdrawn, and the individual can be barred from base for noncompliance with Joint Base Charleston policies and or USAF directives. This pass must be in the possession of the contractor at all times while on the installation. Contractor pass must be visible on the employee at all times.
- (b) When reporting to the **Visitor Control Center** to obtain an identification badge, each employee will present a valid driver's license or state issued picture identification.
- (c) The pass **does not** allow family members or friends to be sponsored on the installation at any time. In cases when family or friends must drive the contractor to the base, the drop off point is at the base entry gates. Employees are responsible for their own transportation to the job site.
- (d) If the contractor terminates an employee, the contractor will confiscate the employee pass and returned it to Contract Security in Bldg. 1953 (VCC).
- (e) **Placing Job ads in the newspapers** such as “Respond to the base for information, interviews, or employment,” is **strictly prohibited**. Companies are required to conduct their interviews and employee hiring off base.
- (f) Upon completion or termination of the contract or expiration of the identification passes, the prime contractor shall ensure that all base identification passes issued to employees and subcontractor employees are returned to the issuing office, Security Forces in Bldg. 1953, Visitors Control Center (VCC)
- (g) **Failure to comply with these requirements may result in withholding of final payment.**
